**Subject:** Site signage; Passaic Lyndhurst  
Superfund Site Sign June 2011.pdf

Tony, as I indicated in our last conference call I have attached the sign that was posted on the fence surrounding the Diamond Alkali site for the sediment removal project. This is what we did for that project. I copied Stephanie on this email for her to also weigh in on whether this is the type of sign for Lyndhurst or if something else is more appropriate.
